

AC&NC clients include:

- GENERAL ELECTRIC
- GLOBAL CROSSING
- ALCATEL-LUCENT
- 3M WORLDWIDE
- RAYTHEON
- XEROX
- SAIC
- BOEING
- L.L.BEAN
- HONEYWELL
- NEWSWEEK
- LOCKHEED MARTIN
- TURNER BROADCASTING
- THE WEATHER CHANNEL

JetStor RAID Systems

All JetStor RAID systems feature:

- High-performance RISC storage-specific processors
- Dedicated parity processors for high-speed RAID 5 and RAID 6 performance
- Advanced RAID features that speed deployment, increase reliability and simplify management
- Completely cableless design for higher reliability and ease of maintenance
- JetStor RAID Manager software for configuring and monitoring all JetStor systems over your network
- Five year warranty on disk drives, and three years on all other components. Optional on-site service also available
- Free telephone and email support provided for the life of the unit

Quad 1GB/s iSCSI to SATA II / SAS

JetStor SAS P55016iS

- Quad 1Gb/s iSCSI connectivity
- Up to 32TB raw capacity per chassis
- Powerful Intel Xscale 64-bit RISC processor for blazingly fast I/O operations, parity-assist ASIC, iSCSI assist engine, TCP Offload Engine (TOE)
- Scalable to 160TB raw capacity with expansion enclosures
- 3U Rackmount

Dual 1 GB/s iSCSI to SATA II

JetStor SATA P54016iS

- Dual 1GB/s iSCSI connectivity
- Up to 32TB raw capacity
- Powerful Intel Xscale 64-bit RISC processor for blazingly fast I/O operations, parity-assist ASIC, iSCSI assist engine, TCP Offload Engine (TOE)
- 3U Rackmount

Quad 4Gbit /s Fiber Channel to SATA II - 42bay

JetStor SATA P56042F

- Quad 4Gbit/sec Fiber Channel connectivity
- Up to 84TB raw capacity in 4U rack space
- Powerful 533MHz 128-bit RISC processor accelerates data transfer
- Scalable to 168TB raw capacity using additional expansion chassis

Extensive experience in CCTV installations from 1TB to over a Petabyte!

Dual 4Gbit/s Fiber Channel to SATA II

JetStor SATA P55016F

- Dual 4Gbit/sec Fiber Channel connectivity
- Up to 32TB raw capacity
- 600MB/sec bandwidth to support the most demanding non-linear editing and SAN environments
- 3U Rackmount

SAS to SAS / SATA II

JetStor SAS P55016S

- Dual SAS Host connectivity
- Up to 32TB raw capacity per enclosure
- Powerful 400MHz 64-bit RISC processor accelerates data transfer
- Scalable to 192TB raw capacity with up to 7 SAS expansion enclosures
- 3U Rackmount

Ultra320 SCSI to SATA II

JetStor SATA P54012S

- SCSI connectivity
- Up to 24TB raw capacity
- Blazing performance of Ultra 320 SCSI
- Powerful 400MHz 64-bit RISC processor accelerates data transfer
- 2U Rackmount

Dual 1 GB/s iSCSI to SAS / SATA II

JetStor SAS P54012iS

- Up to twelve SAS or SATA II drives
- Dual 1GB/s iSCSI connectivity
- Up to 24TB raw storage capacity
- Powerful Intel Xscale 64-bit RISC processor for blazingly fast I/O operations, parity-assist ASIC, iSCSI assist engine, TCP Offload Engine (TOE)
- Scalable to 152TB raw capacity with expansion
- 2U Rackmount
